Your Unconditional Guarantee Upfront!

If you are not happy with your Portrait Previews you can have additional poses made at the studio to your liking at no extra cost to you. You must call within three days with your concerns.

You **CAN** have additional poses made if:

- Your expression isn’t what you or your parents want (too serious, too smiley, fake grin, squinty eyes, etc.). We normally try to get a variety of both serious and happy expressions, but if your portraits contain too many of one or the other, please let us know.
- If additional poses are taken in a studio session, it is considered a "repeat session."
  This means backgrounds and clothing should stay the same.

You **DON’T** need more poses made if:

- A blemish or acne shows. This will be taken care of with basic retouching.
- The image appears too light or too dark, or slightly off-color, in your Portrait Previews. Color and density (lightness and darkness) will be perfected before the order is processed.

**Your Finished Portrait Guarantee.**

When you place your order, every effort is made to deliver your images exactly as promised. If for any reason your finished portraits are not as you expected them, let us know within 24 hours of receiving them and we will fix the problem to your satisfaction at no additional cost. **If you do not let us know within 24 hours, a $50 remake charge will be applied.** The only exception to this is for any defects in manufacturing, which are guaranteed.
About your Portrait Previews

Your proof strip is yours to keep. We ask that you send it to us when you place your order. The proof strip will be returned with your portrait package.

Important Note:

It is important to note that the preview images do not have the full quality or refinement you will get in your finished portraits. The color and density of your finished images will be slightly different from that in the preview. This improvement is normal and desirable, and is done on every pose you order at no extra cost. **Also, each image will be proportionally cropped for image content and print size.** The purpose of the previews is simply for you to be able to choose your favorite expressions and poses for your enlargements.

About Your Yearbook Pose

Your portrait order must be placed by your summer session deadline to GUARANTEE your selection of your yearbook pose. Mark your yearbook pose & send your previews back by your summer deadline date with your portrait order. The formal pose will be used in the yearbook, unless otherwise specified by your school.

When previews are printed, a yearbook pose is prepared. If an order is received, this pose is replaced by the ordered pose. If you do not wish to place a portrait order, you may have your choice of yearbook pose for a fee of $25. Please mark “selected yearbook pose” under the “other product” line on your order form and turn in by the deadline date. This applies to summer sessions only and orders placed by deadline date. Due to deadlines, no one has a choice of yearbook pose on or after make-up day. In studio sessions will be able to choose a yearbook image if order is placed same day.

Pose Sheet

Please complete information on the pose sheet. This will give us the info on your order per pose. Mark yearbook pose in Block 1. Please list your wall portrait and number of units on the pose sheets. Units are demonstrated on Page 14. Complete all info on the bottom of the sheet for any special products. Send the top copy with your order and retain the bottom for your records.

Figuring Your Sales Tax

Sales tax must be paid on each order. Please take the complete total of your order then add all shipping fees to determine your subtotal amount. You will need to multiply this amount by 6.75% or 7%. (depending on the county you reside) Cumberland, Onslow, Rutherfordton, and Sampson County Residents are 7%. All other counties are 6.75%. (Subtotal Amount x.07 or .0675 = sales tax)

If you fail to complete this correctly, the correct sales tax will be added to your final balance. Please complete all order Information on the order form. Remember 50% of order must be paid before the order can be processed. Payment plans are available by calling the studio.

Sales taxes are subject to change by Congress. If a change is made, we will change the percentage at the time of the payment.

Why We Copyright Our Portraits

In 1976 the Federal Government passed a law making it illegal to copy materials protected by copyright, including professional photography. Your portraits are made by the finest craftsmen in the industry. Our studio invests heavily in training, education and equipment to provide you with the highest quality photography to be found anywhere—high quality that cannot be duplicated or copied without a severe loss of color and clarity. Since such a loss would reflect poorly on the reputation of our work, Carlton Hubbard Photography has reserved the copyright on each portrait we create. That means copying either your proofs or finished portraits by any means, including by photocopier, digital scanning, copy photography or other method is illegal and in violation of Federal copyright laws.

Any attempts to copy our images will result in prosecution to the fullest extent of the law. However, we do retain your image files for a period of at least twelve months after your session from which additional photographs can be made to our exact specifications.

We sincerely appreciate your understanding and cooperation in helping us maintain the highest levels of quality and integrity you have come to expect from Carlton Hubbard Photography.
